Subject: Original ANDA Submission for Amlodipine Besylate Tablets USP, 5 mg and 10 mg

Dear Sir/Madam,

Blessaria Pharmaceuticals Inc. respectfully submits this mock Original Abbreviated New Drug Application (ANDA) in electronic Common Technical Document (eCTD) format for Amlodipine Besylate Tablets USP, 5 mg and 10 mg, proposed trade name AMLOZA. This dossier has been prepared solely as an academic portfolio exercise to demonstrate CTD structure, eCTD organization, and pharmaceutical regulatory documentation practices.

Application Details

Date of Submission	16/07.2026
Applicant Name	Blessaria Pharmaceuticals Inc. (fictional sponsor)
Applicant Address	[Address, City, State, ZIP Code, USA (hypothetical)]
Application Type	ANDA — Abbreviated New Drug Application
Submission Type	Original application (eCTD sequence 0000)
Patent Certification	Patent certification information is included in Module 1 in accordance with 21 CFR 314.94; this document is a mock academic portfolio exercise and does not represent an actual regulatory filing.
Orange Book Reference	Reference Listed Drug (RLD) identified in the FDA Orange Book; therapeutic equivalence would be determined upon approval.

Drug Product Information

Established Name	Amlodipine Besylate Tablets
Proposed Trade Name	AMLOZA (hypothetical)
Dosage Form and Route	Tablet; oral
Strengths	5 mg and 10 mg (as amlodipine)
Reference Listed Drug (RLD)	Norvasc Tablets, NDA 019787 (Pfizer Inc.)
Proposed Indication	Treatment of hypertension and coronary artery disease (chronic stable angina, vasospastic angina), alone or in combination with other antihypertensive/antianginal agents
Active Ingredient	Amlodipine Besylate USP, equivalent to 5 mg / 10 mg amlodipine
Key Excipients	Microcrystalline Cellulose, Anhydrous Dibasic Calcium Phosphate, Sodium Starch Glycolate, Type A, Magnesium Stearate

Bioequivalence and Dissolution Basis

Bioequivalence and comparative dissolution documentation are included in Module 5 as part of this mock academic portfolio exercise.

Enclosed Documents (eCTD Modules)

- Module 1 - Administrative information and prescribing information
- Module 2 – CTD Summaries (Quality Overall Summary, Nonclinical Overview, Biopharmaceutics Overview)
- Module 3 – Quality documentation (3.2.S Drug Substance:3.2.P Drug Product)
- Module 4 – Non Clinical Summary and Study Report
- Module 5 – Bioequivalence and comparative dissolution documentation

Portfolio Note: In a real ANDA, additional items include a signed Form FDA 356h, user fee cover sheet (Form FDA 3397), patent certifications with notice letters, field copy certification, and financial disclosure forms. Noted here as 'not applicable — academic exercise.'

Respectfully submitted,

Methar Shekar
