1.3.3 Financial Certification / Disclosure

A financial disclosure certification (Form FDA 3454 or 3455, as applicable) would be submitted here in a real ANDA, certifying the financial arrangements and interests of clinical investigators involved in the bioequivalence study described in Module 5. [Academic portfolio placeholder — no real investigators or financial arrangements exist for this exercise.]

1.3.4 Patent and Exclusivity Information

Patent certification information is included in Module 1 in accordance with 21 CFR 314.94; this document is a mock academic portfolio exercise and does not represent an actual regulatory filing or a real patent certification of any kind.

1.3.6 Field Copy Certification

A field copy certification statement, confirming that a true copy of this application (or the specified portions) has been provided to the applicable FDA district office, would be included here in a real ANDA submission. Not applicable to this academic portfolio exercise.
